Where Elegance  
**Inspires Luxury**

# About Our Company

DUQOR is a premier UAE-based interior design and fit-out firm dedicated to crafting modern, sophisticated, and luxurious spaces that go beyond aesthetics. We believe exceptional design embodies lifestyle, functionality, and innovation in perfect harmony. Our visionary designers, master craftsmen, and project managers deliver end-to-end solutions across residential, commercial, retail, and hospitality sectors throughout the UAE and GCC.

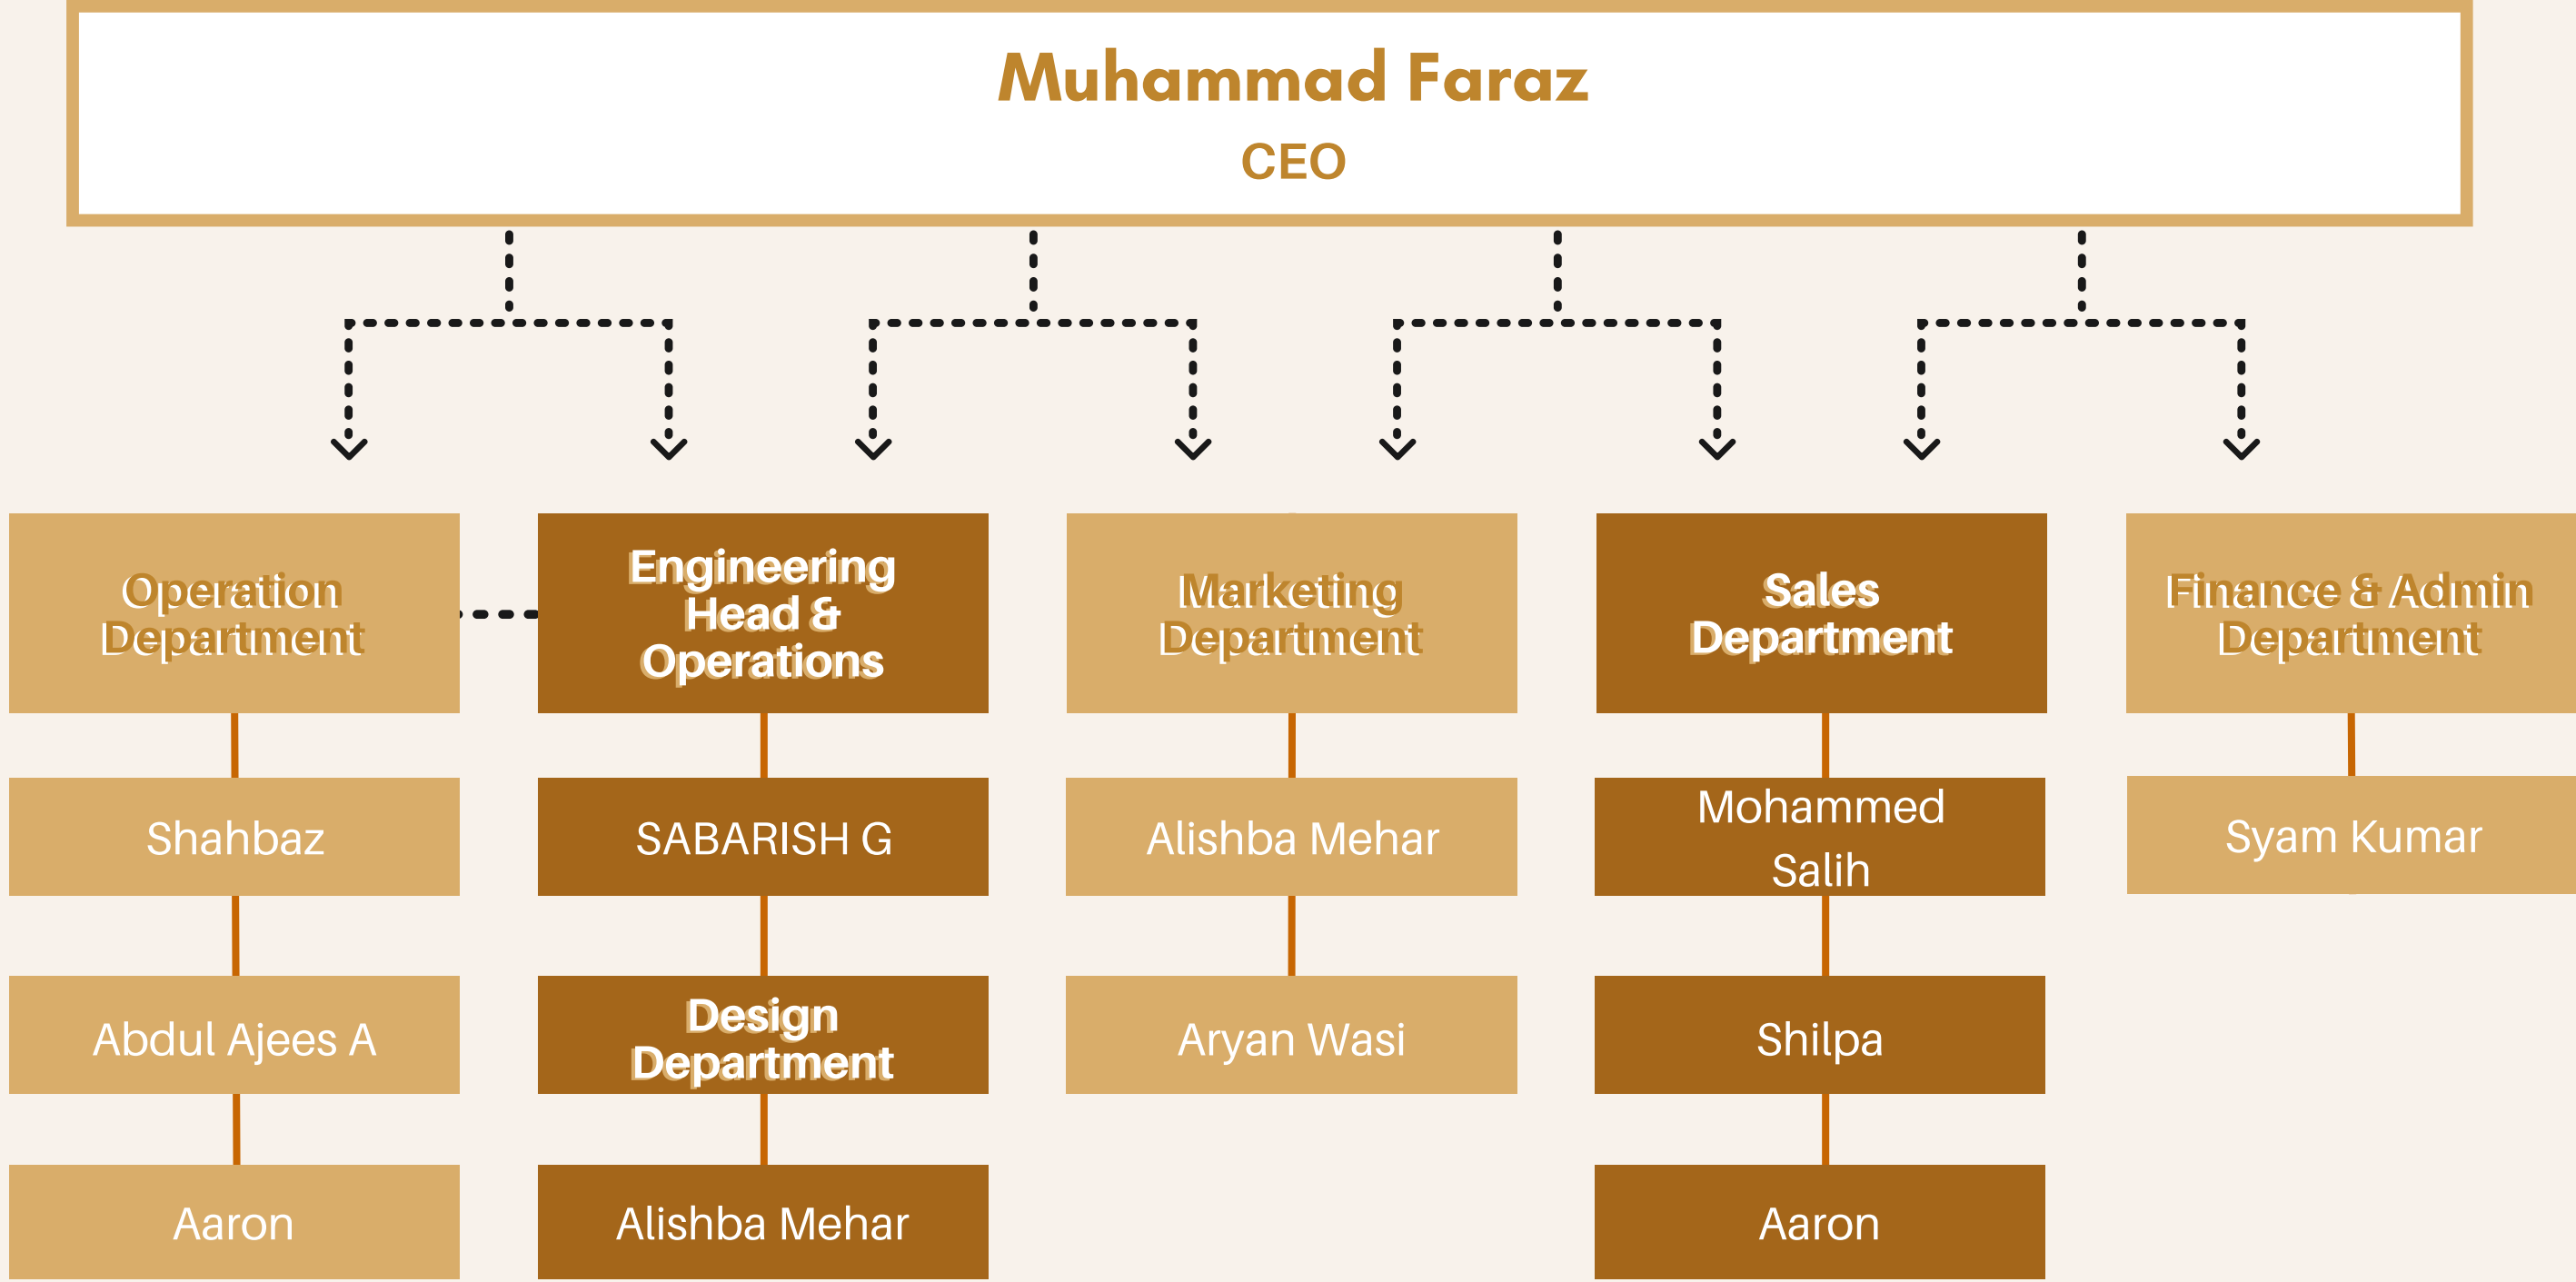

Headquartered in Dubai, DUQOR brings together regional execution expertise with international design sensibilities, delivering turnkey interiors aligned with UAE regulations, timelines, and quality benchmarks

# Our Process

From Vision to Transformation

# Health, Safety, Environment (HSE) & Compliance Statement

At DUQOR, the health and safety of our employees, clients, partners, and communities are fundamental to our operations. We are committed to delivering interior design, Fit-Out, and maintenance projects in a safe, healthy, and environmentally responsible manner.

We strictly comply with all applicable UAE Federal Laws, Dubai Municipality, Civil Defence, JAFZA, and client-specific HSE requirements. Our practices align with internationally recognized occupational health, safety, and environmental standards.

# Our Commitments

## Safety-First Culture

Proactively identify hazards, assess risks, and implement preventive measures before work begins.

## Safe Work Practices

Enforce PPE usage, equipment inspections, permit-to-work systems, and emergency preparedness.

## Regulatory Compliance

Adhere to all statutory HSE regulations, fire & life safety standards, and environmental laws.

## Environmental Responsibility

Reduce environmental impact through waste management, dust and noise control, and responsible resource use.

## Risk Management

Implement approved Risk Assessments & Method Statements (RAMS) tailored to each project.

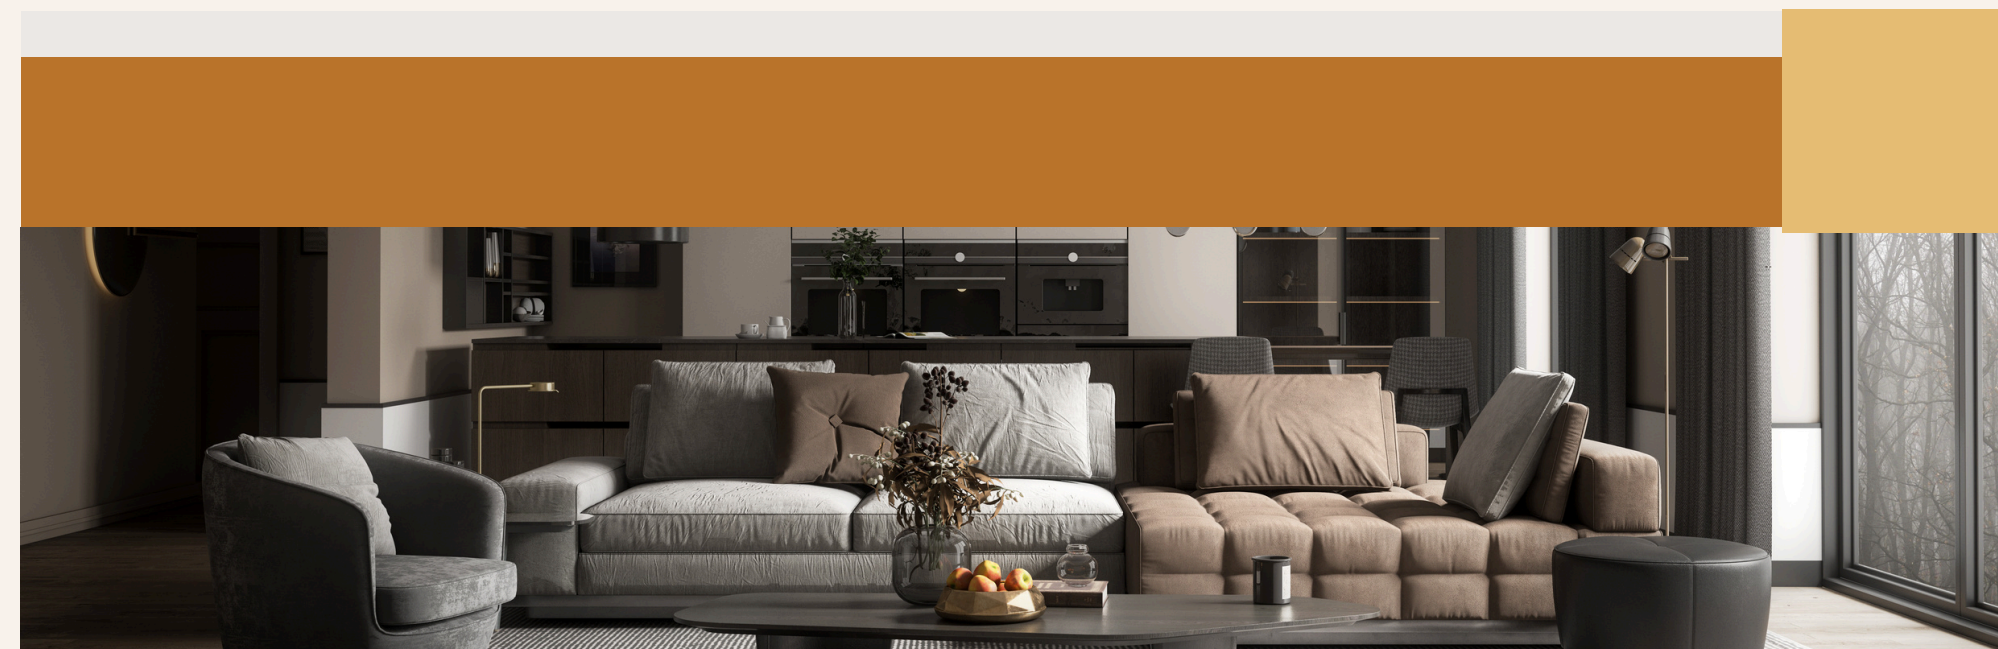

## Continuous Improvement

Monitor, review, and enhance our HSE systems to meet evolving industry standards.

## Training & Awareness

Conduct regular HSE training, inductions, and toolbox talks to ensure workforce competency.
